

Aviation-grade bass for Miami opening rooms.

Brickell-based helicopter pilot turned DJ, building an aviation-inspired audiovisual identity through melodic hybrid dubstep, rock influences, and coastal night-drive energy - from beach roads to afterhours.

Promoter snapshot

Coptr is positioning locally as a reliable opener with a visual identity promoters can remember: helicopter pilot precision, neon Miami movement, and melodic bass with enough edge for late-night rooms.

- Ready for short direct-support and early-night club sets.
- Sound: melodic hybrid dubstep, rock influence, coastal
- Audience fit: bass-forward local clubs, afterhours, and
